

ENDORSE THE WAR

And Congratulated Jerry For Bringing it On.

SIMPSON IS NOMINATED

Leedy's Administration Called a Business Era.

A special to the Eagle from Hutchinson last night says:

The Populist congressional convention of the Seventh district was held here today. Only a little more than half the delegates were present, there being only 14 out of 236 holding seats. There was no enthusiasm, no excitement, and very little talk of any kind except of the war and war preparations. Jerry Simpson was not here, and if any of the enemies were, they did not open their mouths. Simpson was nominated by acclamation and there wasn't a murmur to the contrary. A few of the delegates came in last night, and of those who came in today only a few are here at 6 o'clock to night. The delegates dragged in here and dragged to the convention hall and hurried home.

Chairman of the committee W. J. Brandon of Kingman called the convention to order, and Secretary Horace Johnston read the call. Judge Andrews of Rush county was selected as temporary chairman without contest, and after a very few remarks the work went on by the appointment of the following committees:

On credentials—Fred Holman of Kingman, John Mulvey of Neosho, C. M. Carlson of Sedgewick, Sam W. Hill of Reno, G. W. Grandy of Stafford.

On order of business—D. H. Moon, Jas. Caldwell of Scott, C. F. Yeakley, Harvey W. Snyder of Clark, W. T. Simpson of Pratt.

On permanent organization—Solon Gray of Rice, John Hart of Finney, D. A. Stubbs of Rush, Len Dickey of Wichita, W. H. Cobb of Kiowa.

On resolutions—C. H. Eckert of Pawnee, A. C. Dyer of Edwards, John Van Arsdale of Lane, M. P. Hatfield of Sumner, O. Mills of Barber, Geo. W. Finch of Harper, M. L. Drake of McPherson.

The afternoon session was devoted to adopting the following resolutions.

Twenty-eight dollars was collected to pay for a stand of national colors for the Twenty-first Kansas.

"We, the Populist party of the Seventh district, in convention assembled, reaffirm our steadfast belief in the principles of the Populist party heretofore enunciated, and renew the inexorable admonition that permanent prosperity cannot come until the gold standard is abolished, and the profits now accruing to unlawful trusts and combinations are turned to the benefit of the whole people."

"Resolved, That we endorse the war for the liberty of our Cuban neighbors, and favor its vigorous prosecution. Our thanks are due to the hero of the hour, Admiral Dewey, and his gallant comrades, for the brilliant victory at Manila. We hope to see all political parties unite in waging this war for humanity, and tender the patriots of Cuba our deepest sympathy in their heroic struggle for freedom and their heroic battle against starvation, sickness and oppression."

"We declare that the United States, the greatest republic in the world, should drive from every island in the western hemisphere the Spanish race, whose history is dark with deception, cruelty, assassination and human suffering."

"We denounce the action of the monied classes of this country in their efforts, concurred in by the national administration and advocated by the leaders of the Republican party, to force upon the people an enormous issue of interest-bearing bonds payable in coin, instead of issuing treasury notes and issuing silver bullion that is lying idle in the national treasury, as an aid employed by our senators and representatives in congress."

"We favor the issue of greenbacks and coinage of silver in lieu of the issue of interest-bearing bonds, and condemn the old-time enemies of our country, the bond speculators, by again trying to profit great fortunes from the necessities of the people. Wall street never fought a battle and never will. Patriots will do the fighting, and patriots should supply their own currency. We favor millions for the support of the war, but not one dollar for Wall street."

"Resolved, That in view of the fact that it is the private soldier who bears the brunt of battle, we recommend that the nominee of this convention be instructed to use his best efforts to secure an increase in the pay of the private soldier."

"Resolved, That we commend United States Senator Harris for the gallant fight he made for the protection of the United States treasury from the greedy hands of Wall street stock manipulators in the sale of the Union Pacific railroad."

"We congratulate Jerry Simpson in his fight for the recognition of the struggling Cubans in their demand for a republican form of government, and denounce the inconsistency of the Republican press of this state and district in its efforts to deceive the people in regard to his position on this question, his position having been endorsed by the United States senate two days later by a vote of 66 to 21, Senator Baker, the Republican senator from Kansas, voting with the majority."

"Resolved, That we commend the present state officers for the patriotic, economical and wise administration given the people, and for their expiation of the wholesale robberies committed by the

preceding Republican "business administration." The Republican party again proved false to the trust reposed in it after a lapse of two years of discipline and had demonstrated to the people that it is unworthy of ever again being entrusted with the affairs of our state. We also commend the last legislature for the many good laws placed on the statute books and resulted in saving the people thousands of dollars."

The following was passed as a separate resolution:

"The gallant Twenty-first regiment of Kansas volunteers, composed largely of recruits from this congressional district having been ordered to the front to do battle in defense of our country, it is fitting that a proper tribute be paid them by their friends at home."

Therefore resolved: That the chairman appoint a committee of three, who shall take up a collection and procure a stand of national colors, which shall be forwarded to them at their destination without delay, with the compliments of this convention."

WHY NOT THE G. A. R.

Caldwell Man Prepares Plans For Gen. Miles.

Chickadee, Kan., May 17, 1898.

Comrades of the Grand Army of the Republic—in view of General Merritt's refusal to go to the Philippine Islands as governor general, without better drilled and disciplined men than has been offered him, we would ask you why we should not offer ourselves. The Grand Army of the Republic, of the great sovereign state of Kansas, to go with him. We have not forgotten our drill, and we know what discipline is, we would in a few days make a body of men who would compare in drill and discipline with any set of regulars the United States could produce, and who no frog-eating Frenchman, or cursing Spaniard, or spitting German could drive out, and we would hold the Philippines in the name of the Great Jehovah, and the congress of the United States. What say you, comrades, are you ready to defend your country in this crisis? Shall we authorize our honorable governor to offer our services to his excellency, the Hon. William McKinley, president of the United States. Let us hear from you.

Address William Nye, adjutant Post No. 2, G. A. R., department of Kansas, Caldwell, Kansas.

ARE RAISING MONEY

Owners of Hogs Will Test the City Ordinance.

TAKE IT TO COURT

Is What They Are Getting Subscriptions For.

Several colored men who are owners of hogs within the limit that the city council at their meeting two weeks ago decided should be taken out and the pens abolished, started out yesterday to raise money by subscription to test the ordinance by taking the matter before Judge Dale in the district court. It is their intention to call upon all who have pigs or hogs and get them to give as much as they can and the balance will be obtained from candidates and business men, principally from the business men whom they patronize.

At the last meeting of the council a great many colored men tent their presence to use what influence they could in trying to persuade the members to rescind their action. At that time they had Mr. Rudolph Hatfield to present their claims to the council. It was quickly voted down by the councilmen believing that the health of the city demanded the removal of the hogs from within a certain prescribed limit. Dr. Shultz, the chairman of the board of health, addressed the council and said in substance that the health of the city demanded the removal of the swine.

The men who are raising the money to fight the case have had a local assurance that they can beat the case. Mr. Hatfield was seen yesterday and asked what he knew about it. He said that the matter had at the time been discussed, but he knew of no action being taken by any one to raise money to carry the matter to the district court.

FRIENDS UNIVERSITY ACCEPTED

Board Met and Agree to Raise Endowment.

At the meeting of the Friends which was held in Lawrence, the church finally accepted the magnificent gift, the Friends' National University, given to the church by Mr. James Davis of St. Louis. They agreed to raise an endowment fund of not less than \$50,000 and the probabilities are that Mr. Davis will give much more to the fund. A board of directors to the number of fifteen were selected to have full charge of the university. Today the board will meet at Lawrence and perfect arrangements for opening the school early in September. Among the duties will be the choosing of a president and faculty and arranging the curriculum. Subscribers will visit several of the western states and try to raise money and obtain scholars for the coming school year. Mr. James Allison who represents Mr. Davis here, said yesterday that two contracts had been let. One is the thorough going over of the roofs and gutters to get them in perfect order, and the other is some grading near the foundations for their protection.

DOC ROSE PROMOTED

Becomes Agent of the Wells Fargo at Ponca City.

The Wichita office of the Wells Fargo Express company, under Mr. L. S. Maxwell, is getting a reputation all along the line for filling men who are capable of taking more responsible positions. Within the past year no less than five have been taken from Wichita to other points and in each instance it has been a promotion. Yesterday Mr. J. C. Rose, known among his friends as "Doc," received notice from the Kansas City office that he had been selected as agent at Ponca City.

Mr. Rose has been in the employ of the company here for about two years. By strict attention to business he has mastered all of the intricate details and has become thorough and a very valuable man, which the company appreciates to the extent of making him agent over a host of other employees. During his stay here Mr. Rose has made a number of winter trips to the coast, and for his new home and duties Monday.

FOUR HUNDRED DOLLARS

Was Realized From the Hospital Concert.

The proceeds of the hospital concert amount to about four hundred dollars, which is a very satisfactory sum to be realized from an entertainment of this kind. The ladies of the hospital desire to publicly express their sincere thanks to Mrs. Malvina Walton and to all who participated in the concert, and those who assisted in any manner whatever. Also to Mr. Marshall, manager of the Crawford grand, for the use of the grand, and Mr. Ward for free lighting of the opera house. Mr. Clup for the beautiful flowers. Mr. Innes and Christmas Bros. for flags. Mrs. Drechsel for the magnificent decorations and all others who kindly aided to make the hospital event a success.
